

welcome to SunTrust Mortgage wholesale!

The SunTrust Mortgage Wholesale Division serves mortgage brokers [throughout the U.S.](#)

Naturally, loan production goals are our first priority, but training and broker support run a close second. While account manager training isn't unique in the industry, the passion we bring to it at SunTrust Wholesale certainly is. Our emphasis on AEs' support of their customers is one reason why we are known throughout the mortgage business as a leader in sales and service training.

Through our training and customer education efforts, we try to make it as easy, hassle-free, and rewarding as possible for brokers to work with us. We've streamlined our policies and procedures with their needs in mind. In this ongoing pursuit of excellence, we value our employees' opinions on ways to improve the workplace, both internally and externally.

With all we have to offer...

[A variety of products and programs](#)

[Powerful marketing](#)

[Strength in technology and support](#)

And [enthusiastic people](#)

... isn't this the kind of place you'd like to work?

welcome to SunTrust Mortgage correspondent!

The Correspondent Lending Division is based at SunTrust Mortgage headquarters in Richmond, Virginia. As of May 31, 2006, our professionals work with over 1,200 correspondents around the country. With a strong commitment to service, we embrace the ideal that technology will never replace the relationships we establish with our business partners.

Our steadfast belief in this philosophy is what makes the SunTrust Mortgage Correspondent Division so successful. For 2005 our purchase production was nearly \$12 billion. If you're interested in helping us set – and meet – new goals, we guarantee you an environment and the tools to perform at your personal best.
